property, and the
environment

Our vision

A trusted voice
to tackle global
transformations

Supporting the uptake of Precision Medicine

Quality and risk management in technology adoption

Data sharing, harmonization, and governance

EU Notified Body

Management System Certification

Partnering

- We are not interested (and cannot) develop IVD medical devices.
- We are interested in risk management, quality, and the safe integration of devices with each other and with the health systems they are used in.
